FUND INTRODUCTION

Fund Objective

The fund's primary aim is to maximise returns within a specified volatility target of between 5% and 10% per annum over a rolling five-year period.

Fund Strategy

- This actively managed fund is designed for people looking for medium to long-term capital growth with some exposure to market volatility, through a balanced asset allocation.
- The fund gives exposure to different asset classes including but not limited to cash, bonds, equities, property and alternatives.
- The underlying strategies are both passive and active in nature. Some are managed internally by Aviva Investors, whilst others are managed externally.
- The asset mix of the Fund shall be rebalanced on a periodic basis taking into account the result of the Managers asset allocation model, the risk profile of the Fund and market conditions.
- ESG considerations are built into the fund and the fund is compliant with Article 8 of SFDR
