FUND INTRODUCTION

Fund Objective

The fund's primary aim is to maximise returns within a specified volatility target of between 2% and 5% per annum over a rolling five-year period.

Fund Strategy

- This actively managed fund is designed for people looking for medium to long-term capital growth but with relatively low exposure to market volatility, through a more defensive asset allocation.
- The fund gives exposure to many different asset classes including but not limited to cash, bonds, equities, property and alternatives.
- The fund may use derivatives (and leverage) with the aim of helping achieve its objective.
- The underlying strategies are both passive and active in nature. Some are managed internally by Aviva Investors, whilst others are managed externally.
- ESG considerations are built into the fund and the fund is compliant with Article 8 of SFDR
