FUND INTRODUCTION

Fund Objective

The fund's primary aim is to maximise returns within a specified volatility target of between 2% and 5% per annum over a rolling five-year period.

Fund Strategy

- The fund gives exposure to many different asset classes including but not limited to cash, bonds, equities, property and alternatives.
- The underlying strategies are predominantly passive in nature, with most of these being managed internally by Aviva Investors
- The Manager targets 5 year volatility outcomes by measuring each of the above funds against longer term historical risk models.
- The fund is managed to a strategic, long term asset allocation with annual re-balancing.
- The Manager shall rebalance the fund to its internal strategic weights on a quarterly basis when the fund is +/-1% outside its internal strategic weights
- ESG considerations are built into the fund and the fund is compliant with Article 8 of SFDR.
